11:45 am:

Stretching and Breathing Meditation

With 10 years of experience as a yoga teacher, Gusnara Bustos—certified in Yoga Rahasya and Jivamukti—offers a practice designed to cultivate a daily connection with yoga. Rooted in meditation and mindful movement, her classes help awaken prana (energy), bringing peace, calm, and stillness. Originally from Nicaragua, Gusnara believes in using yoga and meditation as a vehicle for inner balance, release, and steady transformation, guiding students toward a more harmonious and enriched lifestyle.

Hosted by Gusnara Bustos (Nicaragua)

I. **Mandala and God Eyes Workshop:** Practica de meditacion y arte

Hosted by Cristina Cota (Mexico)

Originating in the indigenous cultures of the Americas, primarily among the Huichol people of Mexico, the Eye of God Mandala, known as "Sikuli," is a spiritual symbol. They represent divine vision and understanding, serving as amulets of protection and wisdom. Over the centuries, these creations have expanded and adapted, acquiring new meanings and forms.

Each culture has imbued these mandalas with its own essence. In Latin America, for example, they are used in spiritual ceremonies, while in other regions of the world, they have been adopted and adapted into meditation and artistic practices.

12:30 pm: Circle Dance - We Share the Joy

The Circle Dance, a rhythmic delight, serves as an essential tool for community bonding. It is a space where individuals can comfortably express themselves, find connections and achieve a sense of unity. Every member's participation is vital for the dance's rhythm, showing the significance of collaboration. Think, for instance, of the traditional Greek circle dance often performed at social gatherings. Each participant, hand in hand with their neighbor, jointly creates an enchanting spectacle, fostering relationships within the group.

Moreover, since Circle Dance does not rely on having a partner, it's more accessible for people of all ages and potential dancers needn't worry about partner dynamics. From a social perspective, it breaks down barriers, gluing a community together, and lays the foundation for powerful social interaction.

Hosted by Marion Newlands

Trained teacher in International Folk Dancing for more than 50 years

1:45 pm: Cacao Ceremony - Connect With Your Heart

The story of cacao begins thousands of years ago in the Mesoamerican region, inhabited by civilizations like the Mayans and Aztecs. For these ancient cultures, cacao was not merely a culinary delight, but a sacred substance used in religious rituals, marriage ceremonies, and even as currency.

When you take part in a Cacao Ceremony, you are signing up for an experience that transcends the ordinary. From the cellular level to the expanses of your soul, the benefits are far-reaching and deeply transformative.

Physical Benefits: A Symphony of Wellness

- **Cardiovascular Health:** Cacao is a powerhouse of antioxidants like flavonoids. The antioxidants in Cacao improve heart health by reducing inflammation and improving blood flow.
- **Mood Elevation:** Cacao also contains serotonin precursors, which contribute to feelings of well-being and happiness.
- **Sustained Energy:** Unlike the abrupt highs and lows of caffeine, the theobromine in cacao offers a more sustained and gentle energy boost.

2:30 pm: Ecstatic Dance - Free-form/meditative practice

Corey Sheikh is the visionary creator, DJ, and primary facilitator of the AWAKEN Experience—a unique immersive journey drawing from over 12 years of expertise in guiding wellness-based sessions. His extensive background spans Group Fitness, Ecstatic Dance, Breathwork, Meditation, Emotional Healing, Sound Therapy, and Relational Connection practices. With Music as a core element of these types of sessions, over the years Corey has refined his craft as a DJ, music curator, and producer, amplifying the depth and impact of his sessions.

The AWAKEN Experience brings together these modalities and Corey pulls on the sounds of Organic, Afro, Progressive House, Tribal Melodic Techno, and Golden Era Trance, enriched by ambient synths, ancient vocals, and meditative soundscapes. These curated musical journeys create immersive, transformative experiences, inviting a full spectrum of emotions, energies, and sensations aligned with AWAKEN's holistic approach. Through the synergy of music, breath, movement, and connection, Corey holds space for participants to find inner peace, vibrant joy, and grounded presence.

Winter Parking Restrictions End

Date and Time: Monday, March 31 11:55 pm

Address: Town of Arnprior

Winter Parking Restrictions

The Town of Arnprior has adopted a revised [Traffic and Parking By-Law](#) which includes winter parking restrictions from November 15th to March 31st with the primary reason being the ability for our Operations – Roads and Services staff to properly maintain the safety of our roadways throughout the winter season. This system also allows us to optimize operational efficiencies and maximize our limited staff resources from both the Operations and Bylaw Departments. Most Eastern Ontario communities (urban and rural) are also using similar seasonal overnight parking bans concept including Mississippi Mills, Carleton Place, Perth, Renfrew and Smiths Falls.

Between November 15th in one year and March 31st of the following year (dates inclusive), parking on Town streets and in municipal parking lots is prohibited between the hours of 12:00 AM (midnight) and 7:00 AM, regardless of weather conditions, to allow for thorough and efficient winter maintenance operations. The Town has a legal responsibility to provide safe roadways for our community and to maintain our streets and sidewalks in accordance with Provincial Minimum Maintenance Standards.

Overnight Winter Parking Areas

The Town of Arnprior has implemented "Overnight Winter Parking Areas" that are exempt from winter parking restrictions to accommodate guests of property owners who may not have sufficient driveway / garage space for additional overnight vehicles during the winter months. All designated parking spaces will be appropriately signed as an "approved overnight winter parking space" and vehicles parked in these spaces will be able to be parked there overnight, provided that they remove their vehicle(s) between 7:00 AM and 9:00 AM to permit winter control activities in the surrounding areas. These spaces are offered on a first-come-first-served basis.

The designated Overnight Winter Parking Areas are as follows:

- Robert Simpson Park Parking Lot (400 John Street) - 10 Parking Spaces
- McLean Diamonds – Ball Diamond #1 (Parking Lot Off McNab Street – civic address being 153 McLean Avenue) - Full Parking Lot
- M. Sullivan & Son Ltd. Park - Parking Lot (61 Moe Robillard Street) - Full Parking Lot
- Nick Smith Centre Parking Lot (71 James Street) - 10 Parking Spaces
- Ken Scissons Parking Lot (30-36 McGonigal Street West) - 8 Parking Spaces

We appreciate your support and if you have any questions, please contact the Clerk's Office by telephone at (613) 623-4231 ext. 1819 or by email at clerks@arnprior.ca.
