10. New Business

Chair Lynn Grinstead noted that this area of the meeting, is a good time to bring anything forward that you feel the Town is not already addressing. We are always looking for your feedback.

Committee Member France Guillemette noted her interest in having the opportunity to provide feedback on the accessibility of any new and redeveloped playgrounds/ play structures. France provided information on various playgrounds that she has visited in other provinces, noting that some had bases or accessible pathways that lead to the accessible features only, and also had sand, so that kids could play in the sand as well. She noted, for example there would be an accessible rubberized pathway to the accessible play structure and swing, but not to any other playground features that were not accessible. The Deputy Clerk noted the Director of Recreation would be coming to the next meeting to discuss playgrounds with this committee, looking for any feedback.

Committee Member David Furgoch noted his continued concern with the lack of a traffic light at the intersection of McNab Street and Madawaska Blvd. Chair Grinstead noted that this is a County Road, and thus the Town does not have jurisdiction in putting up a light on Madawaska Blvd. She further noted that with the growth in that area of Town a new traffic study will need to be completed by the County. Chair Grinstead further noted, that with her discussions over the years, she feels the County is watching this road and traffic carefully.

Downtown Patio Pilot

Lindsay Wilson, MEDO

Meeting Date: Dec. 1, 2021

Background

- In the Summer of 2021, the Town of Arnprior implemented a pilot project which saw three parking stall patios set-up in the Downtown.
- These patios used two on-street parking spaces each, for a total of 6 parking spaces dedicated.
- This additional space allowed the restaurants to have extended dinning space and assisted them in recovering from the negative impacts of COVID-19 on the food service industry.
- The Town is now collecting feedback on this pilot program in consideration of amending the Sidewalk Patio License By-law to allow for extended patios in future years.

Feedback

- A feedback survey has been provided to gather public input on the pilot patio project.
- The survey asks the public which patio option they prefer.
- The businesses who participated in the program have also been interviewed.
- Staff are looking for feedback from the committee on the patio pilot as well as any other accessibility concerns.

Town of Arnprior Annual Accessibility Status Report – 2021

Background and Purpose

The 2021 Accessibility Status Report is the annual update on the Town of Arnprior's progress of measures taken to improve accessibility and implement the Accessibility for Ontarians with Disabilities Act (AODA) and the Integrated Accessibility Standards Regulation (IASR) (Ontario Regulation 191/11). The Town of Arnprior approved its second Multi-Year Accessibility Plan, in consultation with the Arnprior Accessibility Advisory Committee, being the 2018-2023 Multi-Year Accessibility Plan, as per the legislation. This plan assists the Town in identifying the requirements of the AODA and IASR, as well as identifying any further accessibility related improvements the Town of Arnprior should consider completing, which are outlined in the Multi-Year Plan under "Further Goals Above and Beyond the AODA and IASR."

This Status Report includes the initiatives completed in 2021, as outlined in the 2018-2023 Multi-Year Accessibility Plan, as well as identifies items that were previously completed, for ease of reference. The purpose of this Status Report is to make the public aware of the Town of Arnprior's progress concerning the Multi-Year Accessibility Plan, and to prevent and remove barriers and meet requirements under the AODA and IASR.

This 2021 Annual Status Report will be made available on the Town's website at www.arnprior.ca. It will also be provided to anyone who requests a copy, in addition to providing other accessible formats upon request.

The Corporation of the Town of Arnprior is committed to promoting independence, dignity, integration and equality of opportunity for persons with disabilities. The Town is committed to making the Town workplaces accessible and welcoming environments where both employees and customers are accommodated, in a timely manner, to meet their needs.

The Town's Multi-Year Accessibility Plan and annual status report demonstrate the Town's commitment to modifying service delivery, programming and other workplace processes, policies and procedures to ensure equal access for all.

The Town's Accessibility Advisory Committee (AAAC) plays a key role in assisting the Town of Arnprior in meeting its accessibility goals. The AAAC reviews the multi-year plan and provides recommendations to Council on accessibility matters.
