[CAUTION -- EXTERNAL E-MAIL - Do not click links or open attachments unless you recognize the sender.]

Below is a link to a House of Commons Petition that Mayor D'Eon has created and is sponsored by MP Gallant. I am a co-signer of this petition. I am asking the County of Renfrew to assist in distributing and promoting this petition. As we all know the proposed NSDF project is Canadian Nuclear Laboratories plan for dealing with a large volume of legacy low level waste on-site at CNL. This project will help to clean up the CNL site and further protect the environment and Ottawa River for the future. My ask is that through the County's email distribution lists that this link be sent out to ask for support of this petition

by signing it. I am asking this be sent to all County Councillors as well as all lower tier Municipalities as well as the City of Pembroke. I believe this is in-keeping with the County of Renfrew's long standing support of the activities at CNL.
