Organization/Grant Information	
What is the function of your organization (mandate/key objections)?	
ASCD Rescue is a non profit animal rescue based out of Arnprior, Ont. Our rescue services extend throughout the Ottawa Valley. Our goal is to capture stray cats, provide vet care, rehabilitate them in a foster home and adopt them out to loving families	
Please provide an overview of the service, program or event being supported with this funding.	
We would like to hold the First Annual Great Arnprior Garage Sale. This garage sale would be held at the Nick Smith Center Arena Pad and be open to community members to buy tables. All proceeds would go directly to our rescue efforts.	
Please explain how this service, program or event benefits the Town of Arnprior and its residents.	
As you are aware, Arprior has a very large stray cat and colony population. We have engaged local bylaw on multiple occasions however as stated by them, there is no funding available for a TNR program in Arnprior. This is where we have stepped in to support the community on this endeavour. This Garage sale would assist us in fundraising so we can support more cats in the community. Since our inception in October we have spayed/neutered and supported over 75 cats with another 45+ in care. We continue to get calls daily from residents for support but we do not have the resources to help everyone. This event would also help residents have a safe place to hold their garage sale with all the construction ongoing and support the towns environmental	
<p>Does your organization use volunteers?</p> <p>Yes <input type="checkbox"/> No <input checked="" type="checkbox"/></p>	<p>If yes, how many volunteers are involved and in what capacity? (e.g. administration, service level, etc.)</p> <p>6 Board members and over 23 volunteers in various capacities (vet care, transport, events, fundraising, accounting, admin etc)</p>

<p><b><u>Key Priorities</u></b></p> <ul style="list-style-type: none"> <li>Economic Development – Attraction, retention and marketing initiatives and economic impact</li> </ul>	<p>Yes, if the Garage Sale is successful it can be a yearly event that supports local businesses, sponsors etc. Our services also assist the Town by taking on those animal services expenses and reducing the burden on bylaw and complaints.</p>	

<ul style="list-style-type: none"> <li>Community Well Being – Community support, arts and culture, recreational and leisure, health and well being support initiatives</li> </ul>	<p>This garage sale will bring community members together, help people declutter their homes and spaces. It will support a greener Arnprior. The funding raised will support TNR which helps the community by stabilizing the population of feral colonies and over time, reducing it, as no more kittens are born. At the same time, nuisance behaviors such as spraying, yowling, roaming and fighting are also reduced. Yet the benefit of natural rodent control is continued.</p>

**Part B** (to be completed for the following Streams: Support Funding, In-kind Partnership, Festivals and Events)

Financial Information
Indicate your organizations fundraising policy. Comment on your organizations fundraising plans for the current year and upcoming years. (If Applicable)
<p>ASCD Recue is a registered non-profit and may accept charitable gifts, supply donations and donated items for auctions or other needs. ASCD prefers to receive unrestricted donations to pursue its greatest needs, but may accept restricted donations after a careful process of due diligence to ensure that such specific purposes are complementary to the overall long-term goals of the organization.</p> <p>Our current fundraising plans include an upcoming Paint Night at Uptown pub, an Auction, Buy Local Campaign draw, Pizza fundraiser etc. We have an entire Fundraising committee made up of local community members who are continuously bringing great ideas to the table!</p>
Does your organization raise enough money through fundraising to cover its expenses? If not, indicate your organizations plan to pay these expenses. (If Applicable)
<p>Yes, we only take in the number of cats we can responsibly care for. Our greatest expenses are Veterinary care and transport.</p>
Indicate if you received funding or are seeking funding from sources other than the municipality.
No.

Funding provided must benefit the residents of the Town of Arnprior. Please indicate how the funding would be used to benefit the residents of Arnprior.

This funding would allow us to use the table sales as funds to continue our rescue efforts. These rescue efforts directly support a healthier cat community in Arnprior and less nuisance for the residents. The funding provided will also allow us to charge a lower fee for garage sale tables and put more funding into the event itself.

In what way is your organization working on becoming self-sufficient?

We are entirely self funded through donations, adoption fees and community partners like the OSPCA, Pet Valu etc.

What effect would the denial of all or a part of this request have on your organization and/or the event/activity/program/service you are applying for?

It would mean that over 50% of the funds possibly raised at this event would go directly to the costs of running the event and less funds available for the cats in our care.

Has your participation been greater, less or more than last year? (If Applicable)

General Manager, Operations  
Town of Arnprior

Arnprior, ON K7S 0A8

Dear Mr. Steckly,

**RE: County Road 1 (Madawaska Boulevard) – Consideration for the Reduction of Posted Speed Limit between Connifer Lane and Edward Levesque Gate**

The County of Renfrew Public Works and Engineering Department is considering bringing forward a report to our Operations Committee and County Council to reduce the current posted speed limit of 80km/hr to 60km/hr between Connifer Lane and approximately 200 metres west of Herrick Drive.

With the ongoing construction of the Marshall's Bay Meadows Subdivision, a 60km/hr zone would be more conducive to the environment of the developed lands and would create a safer road network.

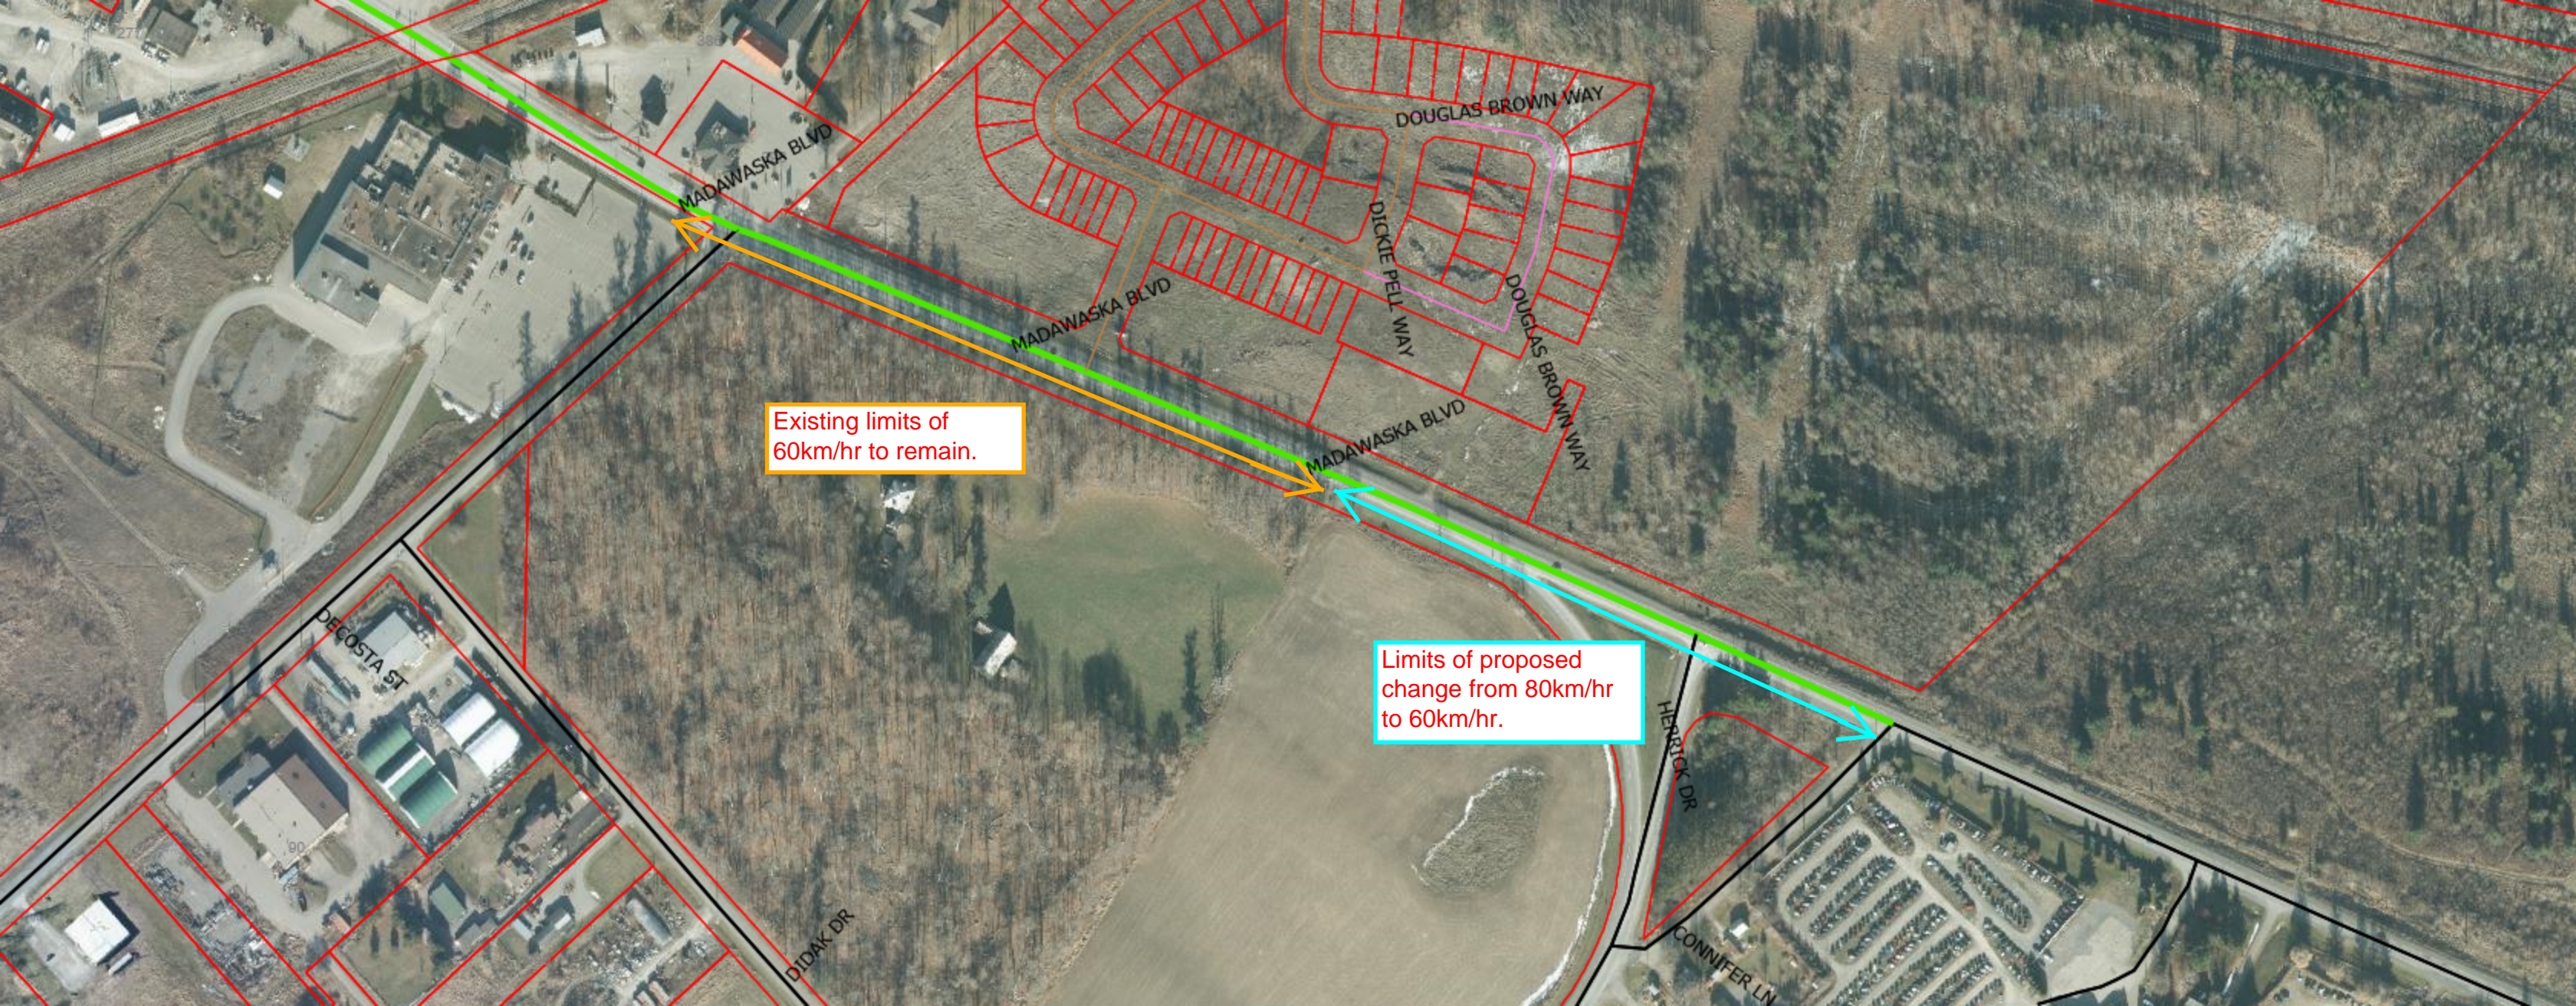

When considering changes to the speed limit by-law, the County of Renfrew seeks the support of the local Municipality for which the request has been made as it would have a direct impact on the residents of the Town. Therefore, we wish to request the support of the Council of the Town of Arnprior through a passing of a Resolution.

We would be appreciative of your review and subsequent reporting to Town Council, seeking the support for the requested change, should you find it warranted and favourable.

If you wish to discuss any of the above, please do not hesitate to contact myself or Nathan Kuiack of this office.

Yours truly,

Lee Perkins, MBA, CET  
Director of Public Works & Engineering
